

-----Dr. Kenneth Hagin:

And I heard the Spirit of God say; "It shall be even as I told you for I am not a man that I should lie. I didn't say it and then go back on it. If I said it in My Word, I'll surely bring it to pass. All you have to do is just believe it at last and it shall come to pass. If I've spoken unto you by My Spirit; no not what you imagined in your mind, no not what voices you heard out in the world, but that still small voice at the very center of your being. If I've said it, I'll surely bring it to pass. Yea It shall surely come to pass. There are those here today that I showed you some things about ministry. I've showed you things to come for remember, saith the Lord that when the Spirit would come, He would show you things to come. He would show you things to come about your life, your ministry, about the Church, and occasionally, and He'll show you things to come out in the world. But you see God is not the god of this world, satan is the god of this world and the Lord is primarily concerned with those things of His. He'll show you things to come, and if He showed you they shall come to pass. But you see, I've spoken unto some of you and you've said, "Now I must be getting off here. I mean that just sounds too far-fetched, but yea saith the Lord, Remember I don't always bring it to pass next week, for there is no such thing as next week with Me. I don't always bring it to pass next month, or next year. I don't necessarily bring it to pass next... (... and you said, "Is He talking to me? If He's talking to you, there is a witness in your spirit. If He's talking to you there is something on the inside of you that just jumps for joy...") ...And so I don't bring it to pass the next five years, or the next ten years, or the next twenty-five years for there is no such thing as 5, 10, 25 or even the next century with Me. Time is only in relation to you and mankind. I'll be the same the next month, next year, five years, ten, twenty five or century. So very often when I speak unto you I am speaking unto you about the future. Don't despair when it doesn't come quickly, but merrily wait and rejoice and flow with the Spirit and it shall surely come.

Now is the time as far as you are concerned that these things shall begin to come to pass for you see, time is running out, and time is fading into eternity and so these things must come to pass before time runs out and time is short and so it shall come and you shall go. Oh yea, yea, your life will be what I told you it would be, and your ministry will be that which I told you it would be and those things that seemed impossible will surely come and the hand of the Lord will come upon you in a new and fresh way and the Spirit of God shall move and the glory of God shall be as it has never been before in your life, saith the Lord. Halleluiah, Halleluiah, halleluiah, halleluiah!

Yea, that time of waiting, that period of waiting never seems to be easy. Waiting, waiting, waiting, but you see, it takes the Lord time to prepare some of us. No not to prepare Himself for He is always ready. He's always the same.

We must grow. We must mature. Some of us are mature mentally as some are in mind like children. Some who are older mentally are still teenagers, so we need to mature. All of us need to mature spiritually and some things nothing but spiritual growth will teach you. It has taken me a little time but I've just about got you ready. Ha ha ha ha ha halleluah! Glory to God! That is what the Holy Spirit said.

Some of you are still hung up on how it can be, because God showed you things to come about your future personally and your future ministry. As long as you are going to question it you are going to keep putting it off. Quit questioning. Just rest in it and let Him bring it to pass in His own way and in His own day and it shall come to pass. But that period of preparation is hard as far as He is concerned. He could have done it yesterday. It takes time for us to change and get in position.

From the standpoint of man you are just about ready. Some of you, it is going to take a little more time, but if you'll be faithful, you'll get there. Halleluah, halleluah!

How is it going to come to pass Lord? Just leave that to Me and I'll bring it to pass. Yea, but if it comes to pass, this would have to happen and that would have to happen and I see no possibility. I have a way of bringing things to pass beyond what you can see, ask or even think, so don't think or measure Me by what you think. Just say, Lord it's in your hands. I'm in your hands. My life is in your hands. My future is in your hands. My ministry and my all is in your hands and then wait. That is all you really need to know. You want to need to know more, and I want to know more, but He's not going to tell you anymore because if He told you all of it, you wouldn't be walking by faith, but by sight and that wouldn't please Him; because without faith it is impossible to please Him. So if He showed you the whole thing, it would be walking by sight and not by faith and that would not please Him so hook up in faith and you'll do fine and be fine."
