Dr. Hagin

But be not like Isreal who entered not into their promised land because of unbelief, or rather because of disobedience. For they knew what the Lord had said a land that is flowing with milk and honey, a land that drinketh rains of the waters of heaven. They knew what the Lord had said for He had spoken it through His prophets, holy and true. They did not have a written Word unto them like you do but the Word was spoken by the prophet, for remember Moses was a prophet also. They had His Word but were not persuaded to act upon that Word so through disobedience and unbelief were robbed of the blessings that God had provided for them. Failed to receive the provision of the Lord though when they departed from this world they went into the place of comfort below. For you see, disobedience and unbelief will not cause your spirit or soul to be lost. Disobedience and unbelief only cost you the blessings that God has provided and causes you to walk below your rights and priviledges. And robs you of the blessings unto you He has shown.

So be not like Isreal through unbelief or disobedience, fail to enter in. Yes, it is true that when it comes to the Word, it belongs to you and all that He has promised redemption through His blood, remission of sins, the filling of His Spirit, the empowerment of His ability, the healing of your body, the supplying of your needs are all provided for you in this promised land that you walk in today. But yet He's spoken beyond His Word by His Spirit unto those who He has called and said unto you, "You go minister there and I'll go with you and cause your mouth to be a stream of blessing and your hands a healing flow." But many have said "I can't go because I don't know." But prepare ye yourself, and study and then go when the Spirit bids you go and then you'll not come up empty handed but a great harvest shall you know. Looking in

Looking into the realm of the spirit and seeing the future very often it is true because you see, the Spirit, it is said by the Master himself will show you things to come and you see yourself standing before a large congregation, not just a few. And you see yourself ministering unto the hundreds and others see themselves ministering unto the thousands and some even who stand here now see themselves standing and ministering beside others who are empowered of the Spirit and wonder how would God ever put that team together and cause that stream. Yea, even streams to flow into one so that blessings shall abound unto everyone. But you see that which is impossible with the natural man is possible with God and that which is impossible with the natural man is possible to the spiritual man. For he does not look with the physical eye and say "this is the way it ought to be." Nor is he moved with the physical but his eye is on the Lord and he walks in the realm of the spirit and as he walks in obedience and faith and power, the Lord will cause all to come to pass in His hour.

You see, man surrounded by time, limited really, but God knows no time, no days, no hours, no years, no weeks and he has spoken and with man it may be a great length of time, days, weeks, years coming, but with the Lord it's only a fleeting moment. He seeth, fall down before Him and acknowledge it. That, oh Lord, you know. I don't know, I think this is best but my thinking is not always your thinking.

I refuse to walk by sight. I refuse to walk by the physical senses. I refuse to walk by the natural mind. For as high as the heavens are above the earth so high are your ways above my ways and your thoughts above my thoughts. So let my ways become your ways and my thoughts your thoughts.

The work of God in these last days shall surely come to pass. It shall be wrought for the Lord knoweth those whom He can trust. He said long ago concerning Abraham, when the covenant with him he did cut "I know Abraham that how he will

Because that's the year that I'll join together streams of ministries that will flow mightily and great and will cause the very earth to shake. We'll move heaven and stir hell and bring you to the blessings that God intended upon the earth to bestow. And many who stand here today will remember, saith the Lord, that I told you so. Amen.

Later:

It will surely come to pass in an entirely different way than you thought it would but it will surely come to pass. It will surely come to pass but in an entirely different way than you thought it should at last and you will laugh and laugh. So don't entertain any other thought but just stay put for the time being where you are, in the process of time doors will be opened and in the process of time other work is to be done. But there is much much much to be done here yet. Let no thoughts enter your mind except to obey and fulfil that which He unto your heart doth shine.
